

This practical pack allows you to fully support children in investigating and making at Key Stage 1. It encourages an organised approach, allowing children to create their own imaginative pieces of artwork without the frustration of sticky fingers and messy materials.

**The pack focuses on:**

- ◆ Painting
- ◆ Printing
- ◆ Collage
- ◆ Clay.

**The pack contains:**

- ◆ A 32-page teacher's booklet with all the information you need to teach children first skills in painting, printing, collage and clay, including a sample unit of work in each medium.
- ◆ Four A2 colour posters showing stages in each of the four processes to help children as they work.
- ◆ Four A2 colour posters showing a broad range of materials, equipment and examples of artwork to inspire discussion and develop art vocabulary.
- ◆ Photocopiable outlines of the process posters to revise the basic stages and to practise vocabulary.

**About the author . . .**

Nigel Meager trained as an artist and is now a full-time art author, lecturer and consultant. He has written several innovative books and packs on art education in primary schools.
